

Martyn Fiddler Customs Services Limited

CDS Support Specialist

Our Martyn Fiddler UK office has an exciting opportunity for a Customs Declaration System (CDS) Support Specialist to join our busy Customs Operations Team.

About Us

Martyn Fiddler has over 40 years' experience in helping clients manage their aircraft and an extensive range of other high value assets including marine, art, property and investments.

We are renowned worldwide for our services with unrivaled in-house capabilities to identify challenges and provide bespoke solutions for aircraft and asset owners. We specialise in European and UK ownership, taxation, and customs. Our clients benefit from the experience, training and expertise of a dedicated business team working together on solutions which save our clients time and expense.

Our in-house tax advisors provide our clients with independent, indemnified VAT and tax advice whilst our experienced group legal counsel and compliance teams work with our clients to ensure the highest standards are met. Full management for each client is provided by a specialist team of administrators. Together they are committed to ensuring each business solution complies with corporate, regulatory and tax legislation.

At Martyn Fiddler we believe that building trust creates loyalty, being creative drives innovation, and working hard while having fun brings growth and success. Our business is all about relationships: with clients, partners, employees, suppliers and our community. This vision and our company values form the basis of everything we do.

About You

The chosen candidate will join the Customs Operations Team who ensure customs compliance, regulatory currency and process management of UK and EU customs entries.

You will be responsible for maintaining and keeping the operational processes for assuring trade compliance, CDS operations and export licensing up to date. Maintaining CDS data, correcting errors and handling queries. Handling matters relating to the export jurisdiction and classification, and customs import classification and obtaining export permits or authorisations in accordance with the UK and EU Regulations. You will assist the leadership team in maintaining and obtaining new Special Procedure Authorisations.
